**Youth Red Cross Wing  
A Report On First Aid and Eye Awareness Program**

An awareness program was organized by **Youth Red Cross Wing** on 26<sup>th</sup> January 2018. Dabaspeta and Nidvanda villages were selected to conduct this program. An awareness and understanding on First Aid and Eye are an essential part of every pupil's learning. The volunteers spoke about the location of first aid equipment and rescue equipment should also be posted prominently. First aid equipment and supplies should be stored where they can be reached quickly and easily in case of an accident. These supplies should be inspected frequently, making sure they are kept in sanitary and usable condition and re-stocked after use. Larger workplaces may need more than one, fully equipped first aid kit and also about Eye, Have your eyes checked regularly by either an ophthalmologist (eye doctor) or optometrist. Early detection is the key to reducing or preventing vision loss from diseases such as glaucoma, age-related macular degeneration and diabetic retinopathy. Some eye diseases require regular visits to your ophthalmologist for monitoring. During the program the 20 volunteers were taken to the village.
